Southfield, Michigan, July 12, 2021 (GLOBE NEWSWIRE) -- **Credit Acceptance Corporation (Nasdaq: CACC)** (referred to as the "Company", "Credit Acceptance", "we", "our", or "us") has been named in IDG's Insider Pro and Computerworld 2021 Best Places to Work in IT in the Midsize category. We ranked #8 this year, up 10 spots from a year ago.

During the judging process, the Insider Pro and Computerworld team closely looked over our nomination form that included a detailed description of the Company and our excellent benefits, career development and training opportunities. Next, they conducted a survey of our IT team and their responses were analyzed and factored heavily in determining our award ranking.

Today's announcement is the fourth workplace award that we've received this year as we also received:

About Credit Acceptance

Since 1972, Credit Acceptance has offered financing programs that enable automobile dealers to sell vehicles to consumers, regardless of their credit history. Our financing programs are offered through a nationwide network of automobile dealers who benefit from sales of vehicles to consumers who otherwise could not obtain financing; from repeat and referral sales generated by these same customers; and from sales to customers responding to advertisements for our financing programs, but who actually end up qualifying for traditional financing.

Without our financing programs, consumers are often unable to purchase vehicles or they purchase unreliable ones. Further, as we report to the three national credit reporting agencies, an important ancillary benefit of our programs is that we provide consumers with an opportunity to improve their lives by improving their credit score and move on to more traditional sources of financing. Credit Acceptance is publicly traded on the Nasdaq Stock Market under the symbol CACC. For more information, visit creditacceptance.com.
